

## TOPIC UMBRELLA – Y6

CLASS: Y6 TERM: Candelmas 2018

Our topic until half term will be a case study of Kenya, East Africa. You can see how different subjects link together under an 'umbrella' Geography topic which adds interest and relevance for the children. (Maths and some other subjects are not included because they are taught in isolation) Children will be encouraged to ask questions and will be given the opportunity to research and pursue areas of personal interest within the topic.
